

Quality Policy

At Woodoc we are committed to providing our customers with Product and Service that will continually meet and exceed their requirements. This is consistent with our commitment to, and compliance with the ISO 9001:2008 International Standard and applicable legislation, statutory and regulatory requirements in the countries within which we operate and to which we export.

We strive to apply Good Manufacturing Practices and remain environmentally conscientious. We will accomplish all this by achieving specific goals and objectives for continual improvement of our Quality Management System at all levels in our organisation.
